When are your internal collection efforts “Enough?”

In today's economy, most offices make every attempt to collect past due payments from debtors by ramping up their series of telephone calls and letters.

Letting unpaid bills linger and possibly winding up in demanding payment months later, is not an action that is taken seriously by debtors. When your accounts have a past due date of 90+ days, it's time to turn them over to the professionals.

You may also consider having us report bill payers to the credit bureau at no additional cost. This will have a negative impact on the debtor's credit rating. Once this happens, they must clear up their debt in order to obtain credit going forward.

In additional to raising funds to support John T. Mather Memorial Hospital's Breast Cancer Victory Day on Saturday, September 26, 2009 (we raised over \$3,600), C.Tech Employees donated to "Treats for Troops."

This was the First Annual Drive to benefit our U.S. Military Soldiers organized by the New York Society of Certified Public Accountants (NYSSCPA). They collected and shipped over 1,000 pounds of food, clothing, toiletries and other necessities that our troops need. Our donations were sent to the 38th Engineer Company (SAPPERS) 4th Brigade 2nd Infantry Division Stryker Brigade Combat Team in Iraq.

5 tablespoons butter
3/4 cup chopped walnuts

Melt butter in a large deep skillet over medium heat. Add walnuts; sauté until nuts are crisp and butter is lightly browned (about 3 minutes.) Add beans and toss to heat through (about 5 minutes.)
