

Let C.Tech Collections Gobble Up Your Outstanding Receivables

Skip Tracing Services

Our collection services include skip tracing, which is a valuable tool in cases where debtors have moved. We have the necessary resources to try to locate a debtor, even if their phone number has been disconnected or if the person's mail is not being forwarded. Debtors who skip town to avoid their debts are usually savvy enough to know how to avoid their creditors.

Skip tracing tools include credit bureau, DMV and internet searches for new addresses and updated credit information. Skip tracing can be extremely time consuming and once the debtor is found, they may be in another state.

C.Tech is well-versed with the laws of other states and utilizes a network of collection specialty attorneys nationally, if needed.

The single most important factor in helping to find "skips" is the social security number, so please be sure to obtain this information.

Veronica Rieu-Sicart, Marketing Representative & James W. Argent, President raising funds

Every year, C.Tech employees conduct a series of fund-raising events to help raise money for John T. Mather Memorial's Breast Cancer Victory Day. Fund-raising efforts have included 50/50 raffles, a Chinese Auction, car washes, waffle breakfasts, ice cream socials and selling cotton candy & popcorn. For the past three years, our hope sponsorship goal has been \$5K. This year, we have raised \$7.5K, which includes C.Tech's sponsorship as well. The company also participates in the "Toys for Tots" program, the Lions Club "Thanksgiving Food Drive Christmas Magic," & the American Cancer Society's "Daffodil Days."
